**CONFEDERATION FOR WORKING EQUITATION & WE United**

Go to weiausa.com for a complete listing of rules and downloads of various items of interest such as dressage tests, etc. There are three trials that are offered at this Working Equitation competition. They are:

**DRESSAGE** – Prescribed dressage tests are ridden at each level. Each movement is given a numerical score, and collective marks are given for impulsion, compliance, calmness, rider’s position, etc. The dressage tests are designed to both test the horse and rider as well as to serve as an aid in training. The movements at each successive level build upon movements of the previous levels and coincide with the type and difficulty of movements expected in the Ease of Handling and Speed trials at the corresponding levels.

**EASE OF HANDLING** – Obstacles are set up to simulate the difficulties encountered by a horse and rider in the field. Obstacles are numbered and are ridden in order. The goal of this trial is to negotiate the obstacles with accuracy, ease, and smoothness.

**SPEED** – The obstacles utilized in the Ease of Handling trial are ridden at speed with no emphasis on style. Individual scores are based on elapsed time through the obstacles with time penalties added for mishandled obstacles. This trial is designed to test the rider’s coordination and capacity for anticipation in addition to the horse’s qualities of submission, speed, attention, and finesse.
