NEW YORK STATE FAIR MISSION STATEMENT

New York State is agriculture, youth, education, industry, diverse cultural traditions and more – our treasured past and brilliant future.

The primary purpose of the New York State Fair is to conduct an annual celebration of the economic, cultural and institutional strengths indigenous to New York with a special emphasis on agriculture as one of the State’s largest and most important industries. Along with thirteen-days of expositions, the Fair will offer various forms of affordable entertainment and amusement for families and friends, and showcase the talents, skills and aspiration of our youth. The Fair will also promote agricultural growth and awareness through educational programs, Statewide competitions in breeding and showing of livestock, and by promoting and supporting the sale of the State’s agricultural and food products.

The Fair administration will proficiently and effectively promote the ongoing use of the Fairgrounds to realize the full potential of the Fair as a leading center for exhibitions, trade shows, agricultural events, and cultural and entertainment productions. At the same time, the Fair administration will foster State pride and maximize revenue while preserving the character and tradition of the Fair.

With a full embrace of the State’s insignia, “Excelsior,” the Fair will be operated according to the highest standards of professionalism and ethical conduct.

ANIMAL HEALTH REQUIREMENTS
PREPARATION FOR THE FAIR

Contagious Diseases: All animals must be free from contagious disease. Examples of contagious diseases for which animals have been determined to be infected from hides include: ergotism, mange, meningoencephalitis, rabies, and contagious hoof infections.

Animal Identification: Animals must be uniquely identified. Acceptable identification allows positive matching of the animal to the animal health certificate. Registered documents including parts, laboratory test results and vaccination statements. If a sketch or photograph is to be used for official identification of an animal, the sketch or photograph must contain the signature of the attending veterinarian and date. Horse sketches and descriptions should reflect color patterns, hair whorls, chestnuts and other markings. Animal drawings, as for horses, must positively identify the individual animal. A name or a statement of color without additional distinguishing features or man-made identification is not acceptable identification.

Rabies Vaccination: The primary purpose of rabies vaccination is the protection of the species. Rabies vaccination is required for all horses over 105 days of age.

All premises on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between shows.

Follow-up and Vaccination Withholding Times: To prevent the contamination of food products, label withholding times must be strictly adhered to for all animals that have been treated with any chemical (drug) or vaccine administered.

Isolation: In order to prevent the stress of moving animals, the animal identification noted on all accompanying documents must match the description on the official animal health certificate.

Proof of Vaccination: All animals must be accompanied by official health certificates which have the vaccination(s) listed and is signed by the issuing veterinarian and date of vaccination. The date of vaccination must be listed on all certificates.

Reasons for Fair Entrance Denial in Past Years
- Feeding requirements not fulfilled
- Test time constraints not met
- Vaccination not administered
- Vaccination time constraints not met
- Inadequate proof of vaccination
- Lack of or incomplete identification
- Identification between documents varies for the same animal
- Invaluable Interim Charts

Disease status can change. Stay informed about developing animal health issues. Fair entrance requirements may need to be modified.

Don’t wait until the last moment to prepare your animal(s) for the Fair. If you have any questions or concerns about entrance requirements, you can contact your regional state veterinarian/vertebrate technician or the NYS Department of Agriculture, Division of Animal Industry, Albany, NY at 518-457-3502.

CERTIFICATE OF VETERINARY INSPECTION
New York State Animals: A valid New York State certificate CVI (form Al 61) is required for: Cattle, Sheep, Goats, Swine, Pigs, Hogs, Cattle, Sheep, Swine, Pigs, Horses, Ruminants, Equidae, and other species.

NON-New York State Animals: All animals entering New York State must satisfy import health and test requirements for their species. The interstate CVI is valid for 30 days from the date of issuance with regard to entrance into New York State. During the fair season (July 1 through Labor Day) valid interstate CVI’s can be used multiple times for entrance into New York State. The initial entry into a fair must be within 30 days of issuance. In order for this certificate to be used at a later fair, it must be initialed and dated by a fair-official. If it was issued greater than 30 days prior to movement and is not initialed, the animal will be denied admission. In addition to state entrance requirements, animals(s) must satisfy state fair-admission requirements. After entry into New York State, an interstate health card can serve as a fair health certificate if fair requirements (in addition to the interstate requirements) have been fulfilled.

Note: All vaccine requirements must be met during the duration of the fair. CVI’s with vaccinations out of data at the time of the fair are invalid and the animals will be rejected.

RABIES VACCINATION
In consideration of public health concerns, it is strongly recommended that all mammals be vaccinated and be present at an animal health event at any fair in NYS be vaccinated against rabies. The NYS Interdepartmental Rabies Committee recognizes the probability of safety and utility of killed rabies vaccine for off-label mammalian species; however, in cases of rabies exposure, the NYS Department of Health cannot recognize, in preclinical, rabies vaccinated animals for which there is no licensed rabies vaccine. Exhibitors should consult their veterinarian for further information.

Proof of rabies vaccination will be required at all fairs for those species that a USDA licensed vaccine is available (as of 1/1/04): cattle, cats, dogs, hogs, ferrets and sheep. The vaccine must be administered at least 14 days prior to arrival on the fairgrounds but no more than the labeled time specified for specific protection against rabies. The state or a rabies vaccine must be given to the species in 12 months from the date of the last rabies vaccination.

Minimum Age for Vaccination: Animals 185 days of age or older on the date of arrival at the fair must be vaccinated for rabies (for those species requiring vaccination).

SCHOOLING: Animals previously vaccinated for rabies but whose rabies vaccine has expired, are eligible for exhibition upon receiving a booster vaccination. Proof of previous vaccination is required.

NOTE: Rabies titers in lieu of current rabies vaccination is not acceptable.

A fourteen-day rabies vaccination requirement is the minimum time period that help to ensure protection of animals against rabies while on the fairgrounds. It is preferable to contact the Office of DOH to ensure immunity well in advance of the fair season.

Keep in mind that a non-immunized animal (or an animal whose protective vaccination status has expired), is exposed to rabies virus prior to receiving vaccination, is not likely to be protected. Exhibitors should consult with their veterinarian about vaccinating their animal(s) against rabies as soon as possible. As animals receive their booster vaccination, we will be developing a population that is protected against rabies to the broadest degree possible.

LIVE ANIMALS AS PRIZES
Under Section 358-a of Article 26 of the NYS Agriculture and Markets Law, live animals are not allowed to be given away as prizes in any game, drawing, contest, youth program or other promotion.

The exceptions are turkeys and live cats. Animals can also be given away as part of a bona fide education program. Enforcement is carried out by peace officers or agents of an incorporated SPCA.

CLEANING AND DISINFECTION
All premises on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between groups of animals when housing is rotated. (Section 20-2 of Agriculture and Markets regulations).

### DRAFT HORSE PERFORMANCE DIVISIONS

All hitch classes, except cart and tandem classes, will be shown to fifth-wheel wagons. Driver and attendant to be properly attired. In double-line classes, passengers should be capable drivers. **No passengers under the age of 10.** Management reserves the right to refuse to allow any hitch to enter any class and/or to allow the judge to excuse any hitch from any class without being liable for any compensation of any kind.

In the event management determines that it is in the best interest of the horse show to split classes in this division, premium money and added money will be reallocated. If there are fewer than three entries in any section, it may be combined with another section.

Juniors may drive geldings or mares only. Accompanying adults should remain on the cart or wagon at all times in the Youth classes. If a header is required, another person, from outside the ring should come in to head the entry.

**Headers must wear ties and jackets or other appropriate attire. No Blue Jeans Or Tee Shirts In The Arena Please!** Headers are encouraged in all hitch classes, however no one will be permitted to stand inside the ring during the performance.

All scratches must be made in the upstairs show office two hours prior to the start of the session.

Once the gate has been closed on a class, it will not be reopened for late arrivals.

In the event of a lost shoe outside the show ring, the Show Manager will determine whether the gate can be held or not. If the shoe is lost in the ring, the entry may request a time out to replace the shoe. The farrier will have five minutes to complete the task.
